[June, 2024]

PROFILE SUMMARY

Eager and motivated fresher with a passion for web development. Proficient in HTML, CSS, and JavaScript, with a focus on React.js. Excited to apply my skills and contribute to dynamic projects as a web developer, leveraging a strong foundation in front-end technologies to create engaging user experiences.

PROJECT

Project - 1
Islamic Information Portal- GitHub Link
(React js, Tailwind css)

- Developed a responsive web application using React for dynamic frontend functionality.
- Implemented Tailwind CSS for efficient and customizable styling.
- Created an open-source platform aimed at providing accessible Islamic knowledge and resources.

Project - 2
Weather App - GitHub Link
(React JSX, Tailwind, API)

- Developed a responsive weather application using React.js and Tailwind CSS.
- Utilized an API to fetch real-time weather data for locations worldwide.
- Designed for simplicity and ease of use, providing accurate weather information at a glance.

SOFT SKILLS

1. **Communication**: Effective communication to facilitate collaboration and understanding.
2. **Teamwork**: Strong team player with a history of successful group contributions.
3. **Adaptability**: Known for quick adjustments and thriving in dynamic environments while effectively resolving complex issues.
